Strategic Planning

“Atlantic Consultants was excellent at facilitating the strategic planning process to encourage ideas, diffuse time-consuming non-productive disagreements, and moved the group to conclusions... [they were] masters at encouraging and designing small team breakouts and assignment and in rotating leadership...always showing preparation, creativity and enthusiasm.”

“Atlantic Consultants has been working with the Ninety-Nines [Restaurants & Pubs] over this past year. Bonni DiMatteo [president of Atlantic Consultants], along with her team, has helped us fine tune our strategic planning, information flow and overall communications.

Strategic Planning

“Bonni [president of Atlantic Consultants] really did a fabulous job with our group of 30 agency representatives. She kept us on task, ensured the participation of each member of the group, and helped each of us to keep our focus on the goal we wanted to achieve in the meeting. When old tensions or arguments surfaced and threatened our progress, Bonni found ways to diffuse the pressure without making anyone feel that they weren't heard. The group (again, a hard group to please!) was unanimous in their appreciation and praise of her work, and we would definitely call upon her again should we decide to do a large group retreat or strategic planning session.”

“I strongly recommend Bonni to you”

“On behalf of all the men and women of the Boston Police Department, I want to thank you for the time and effort you put into Strategic Planning ... The spirit of collaboration and enthusiasm that I saw at the celebration ... is representative of the investment you have made. As Mayor Menino said at the event, you deserve great recognition as one of the architects, creating the public safety strategy for your community and the entire city”

Change Management

"I hired Bonni DiMatteo from Atlantic Consultants as I took over the leadership of a large, diverse staff on the verge of major change to help with team building and navigating us through this imminent change. Bonni facilitated workshops where she helped individuals work through their resistance to change, face their fears about change and learn ways to support each other through the change. We began our work with Bonni as a group of individuals and grew to a team focused in supporting each other.

In her workshops, Bonni creates a safe, positive environment where everyone is encouraged to participate and feels heard. She builds team collaboration by having individuals commit to personal action plans that support and foster team success. I recommend Bonni without a moment of hesitation if you want a skilled, organized and creative facilitator who is also warm and compassionate."
